DETAILED ACTION

1. The request filed on July 5, 2001, for a Continued Prosecution Application (CPA) under 37 CFR 1.53(d) based on parent Application No. 09/435,249 is acceptable and a CPA has been established. An action on the CPA follows.

Claim Rejections - 35 USC § 112

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

3. Claims 1-22 stand rejected under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for administration of specific antisense oligonucleotides for therapeutic purposes claimed, does not reasonably provide enablement for administration of any such antisense or triplex therapeutic molecule for the functions claimed. The specification does not enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention commensurate in scope with these claims for the same reasons of record as set forth in the Official Action on the Merits mailed 03/30/00 and 01/03/01.

No amendments or remarks were made by Applicant to the arguments in the Official Action mailed 01/03/01.

4. This is a CPA of applicant's earlier Application No. 09/435,249. All claims are drawn to the same invention claimed in the earlier application and could have been finally rejected on the

Art Unit: 1635

grounds and art of record in the next Office action if they had been entered in the earlier application. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action in this case. See MPEP § 706.07(b). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no, however, event will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
